Day 2: September 2nd 2016 – Dublin Fair's City

This morning enjoy a Dublin city tour with your private English speaking driver/guide.

You will discover the north side of the River Liffey. This area offers great striking monuments such as the General Post Office on the city main thoroughfare, O'Connell Street, the Custom House along the quays, as well as the Phoenix Park, the largest public park in Europe and home for our President and also home of the American Ambassador to Ireland.

The south side appears more sophisticated with its vast Georgian squares, such as Merrion Square, where Oscar Wilde's House can still

be found (today owned by an American College), its colorful doors, Grafton Street and its quality shops. Not so far from St. Stephen's Green on Kildare St, you will see the house of Bram Stoker, the author of Dracula.

This part of the city is also dominated by the students of Trinity College, where the famous book of Kells is permanently exhibited in its library. The university is facing the medieval district where Dublin Castle and the two Anglican Cathedrals can be found.

Visit Trinity College

Trinity College was founded in 1592 by Queen Elizabeth 1st on grounds confiscated from an Augustinian priory and is the oldest University in Ireland.

The Campanile, erected in 1852, was built on what is believed to be the center of the monastery. Built to further the education of the ruling Anglo-Irish families, restrictions were imposed to prevent Catholic from attending courses. These restrictions were not fully lifted until the 1970's. Trinity however admitted women in 1902, earlier than most British universities. Most of the main buildings off the main square were built during the Georgian period, some of which replaced older buildings. Within its walls, you will be able to admire Parliament Square and its 18th Century edifices. Trinity College has had many famous students such as Jonathan Swift and Samuel Beckett

who later became a lecturer in French at the university. One of the highlights of a visit to Trinity College is a stop off at Trinity College Library where you can see the famous 6th century manuscript of The Book of Kells.

Next Stop St. Patrick's Cathedral

St Patrick's is the National Cathedral of Ireland and is built on the site where St Patrick preached. There was a small church on the site which was still in existence when the Anglo-Normans arrived. This church was replaced with a stone church in 1191 and it was further remodeled in 1225 to the same design as Salisbury Cathedral. Ireland's first university was founded at St. Patrick's in 1320 and intermittently operated for 200 years. St Patrick's is Gothic in style and its splendid interior, is adorned with funeral monuments, such as The Boyle Family Memorial and the grave of Dean Jonathan Swift. Swift was dean here until his death in 1745. The Chancel has ornate stained-glass windows, and spectacular choir stalls, once used by the knights of St Patrick adjoin the Altar. The massive west towers, houses a large peal of bells whose ringing tones are so much part of the character of Dublin.

Day 3: September 3rd 2016 – Game Day

Day at leisure to enjoy the atmosphere that surrounds the game. The tailgate party is within walking distance of the hotel, and shuttle service is provided from the tailgate location.

Enjoy the game at Aviva Stadium, cheering on the Boston College Eagles or the Georgia Tech Yellow Jackets. You will enjoy the game from PREMIUM Club Level tickets!

After the game, enjoy your final evening in Dublin. Perhaps visit Temple Bar, known for its vibrant nightlife.

Day 4: September 4th 2016 – Dublin & Departure for Killarney

Today you depart from Dublin to continue to the west of Ireland to Kerry. First, stop along the route to visit the famed Blarney Castle!

Attracting visitors from all over the world, Blarney Castle is situated in the village of Blarney, close to Cork city. An ancient stronghold of the McCarthy's, Lords of Muskerry, it is one of Ireland's oldest and most historic castles, and indeed one of the strongest fortresses in Munster. Built in 1446, Blarney Castle is famous for its Blarney stone - The Stone of Eloquence, which is traditionally believed, to have the power to bestow the gift of eloquence on all those who kiss it. Many legends tell the story of the Stone, but why not kiss it and find out the truth behind the legend. The gardens at the castle make the visit all the more worthwhile.

Afterwards, you will visit Blarney Woollen Mills. The presence of the Woollen Mills during the famine shielded Blarney from the worst

effects of the famine, due to its employment of local workers. The success story at the mills continued until a disastrous fire in 1869. By August 1871, the mill was once again operational with a labor force of 222. In 1976 Chris Kelleher, himself a mill worker, bought the old mill property. Within a short period of time Chris and his family transformed the mill into what is perhaps the largest quality craft shop in Ireland. Guests can buy Waterford Crystal here also.

Overnight bed and full Irish breakfast at your Killarney hotel

Day 5: September 5th 2016 – Ring of Kerry & Killarney

This morning depart for your tour on one of Ireland's most talked about peninsulas and the Ring of Kerry!

A superb tour of the Iveragh Peninsula will give you the opportunity to discover the Ring of Kerry. Taking in spectacular scenery - mountains, peat bogs, lakes and magnificent views of the Atlantic Ocean as you travel along the coast road. Leaving Killarney you pass through Killorglin, famous for its Puck panoramic views of the Dingle Peninsula and Dingle Bay. Continuing to Cahirciveen pass the

birthplace of National hero, Daniel O’Connell. Passing through the peat bogs arrive at the seaside town of Waterville. Charlie Chaplin used to have his holiday home in Waterville and you can see his statue in the center of the village. Continue to Sneem Village, famous because of its brightly colored houses. The road continues through the mountains to Molls Gap and Ladies View with superb views of the famous lakes of Killarney.

Afternoon time at your leisure in picturesque Killarney. The town of Killarney is bursting with life and beauty. Located beside Killarney National Park, the scenic location of the town overlooked by the mountains and bordered by the lakes, makes it a must see.

Overnight bed and full Irish breakfast at your Killarney hotel

Day 6: September 6th 2016 – Dingle Peninsula

Today you enjoy a tour on the Dingle Peninsula and in particular along the magnificent Sleat Head – famed for its lovely beaches, its ancient monuments and also as a Gaeltacht – one of the last remaining areas in all of Ireland where the locals speak Irish or Gaelic on a daily basis. Sleat Head is well known as a key film location for tv and movies.

On Sleat Head the blue of the marine landscape surrounds the Blasket Islands, deserted since 1953. In the distance are the two rocky Skellig islands, where the ruins of an early Christian Monastery can be found. The peninsula will charm you with its villages painted in bright colors and will bewitch you with the dramatic beauty of its landscapes.

Visit to the Blasket Island Centre. The center is beautifully located overlooking the Atlantic Ocean and the Blasket Islands. The center tells the story of the Blasket Islanders and the unique achievements of the island writers together with stories of other great traditions from the area.

Enjoy some time at leisure in Dingle town. The town is located on the sea and is famous for its seafood, its fishing, its pubs and the vibrant atmosphere the town enjoys. Return to your hotel late afternoon

Overnight bed and full Irish breakfast at your Killarney hotel.

Day 7: September 7th 2016 – Farewell

After a final Irish breakfast in Killarney transfer to Shannon Airport for departure flight home

Dublin + Game + Belfast (7 Days)

Make a week of your Ireland experience by adding on a tour of Belfast starting on Day 4 of your Dublin + Game itinerary

Day 4: September 4th 2016 – Dublin & Departure for Belfast

Today you depart from Dublin to continue your trip to the north to Belfast. First, stop along the route to visit Newgrange!

The Megalithic Passage Tomb at Newgrange was built about 3200 BC. The kidney shaped mound covers an area of over one-acre and is surrounded by 97 kerbstones, some of which are richly decorated with megalithic art. The 19 meter long inner passage leads to a cruciform chamber with a corbelled roof. It is estimated that the construction of the Passage Tomb at Newgrange would have taken a work force of 300 at least 20 years. The passage and chamber are illuminated by the winter solstice sunrise - a shaft of sunlight shines through the roof box over the entrance and penetrates the passage to light up the chamber. The dramatic event lasts for 17 minutes at dawn from the 19th to the 23rd of December.

Overnight bed and full Irish breakfast at your Belfast hotel

Day 5: September 5th 2016 – Antrim Coast & Bushmills Distillery

This morning depart for your tour of the tremendous, extraordinary landscape of the Antrim Coast. For Game of Thrones fans, you may recognize some locales along the way as several locations TV show film on the coast.

First Stop is Giant's Causeway, a UNESCO World Heritage Site: This unique place was, by legend, built by the giant Finn MacCumhaill. The tale tells that Finn built this causeway over the sea to Scotland, in order to fight against his enemy, Fingal, who had started his own path from his side (in fact the same scenery can also be seen on one of the Hebrides Islands). They had never met before and when Finn heard the heavy footsteps of Fingal, he turned back and dressed up as a baby! When Fingal arrived and saw Finn the baby giant, he assumed his father would be much, much bigger and went home running, destroying the causeway behind him. More than 40,000 basalt polygonal columns form cliffs and plateaus by the sea, an unforgettable scenery and story!

Next, visit the ruins of Dunluce Castle proudly standing on 30m high column of basalt rock along the North Antrim coast. The ruins portray the air of strength this site commanded, before the advent of gunpowder it would have been almost impossible to conquer. The castle dates largely from the 16th & 17th centuries, however the outer walls and round towers date to the 14th century.

The Castle can only be reached over a bridge, which now replaces an original rocky connection. In the two openings of the old gatehouse wall are found cannon salvaged from the wrecked Spanish Armada Galleon ship the Girona, which sank nearby in 1588.

Continue on to the Carrick-a-Rede, a spectacular rope bridge which spans a chasm some 80 feet deep. Primarily a working bridge for fishermen, it connects a small island to the mainland. Its construction once consisted of a single rope handrail and widely spaced slats, which the fishermen would cross to bring ashore salmon caught off the island. Subsequently today's two-handed railed bridge was installed. Although no one has ever been injured falling off the old bridge, there have been many instances of visitors being unable to face the return journey across the bridge, resulting in the return journey being made

by boat. Underneath the bridge are large caves, which often served as a safe haven for fishing trawlers escaping from winter storms.

Finally, this afternoon visit the Old Bushmills Distillery. This whiskey distillery has the oldest legal license in the world, which dates from 1608. You will discover the secrets of Irish Whiskey making in a warm environment that will transport you back in time.

Overnight and full Irish Breakfast in Belfast

Day 6: September 6th 2016 – Belfast City

Today, visit the Titanic Experience located in the heart of Belfast. The Titanic Experience recreates the story of the world's most famous ship in a new iconic building right beside the historic site of the original ship's construction. Opened to coincide with the centenary, the self-guided tour begins upon entering the buildings giant atrium where visitors are surrounded by the four "ship's hull" shaped wings. You will uncover the true story of the Titanic, from her conception in Belfast in the early 1900's through her construction & launch, to her famous maiden voyage & subsequent place in history. Highlights include views of the slipways where the Titanic was launched & the voyage to the bottom of the sea in the unique Ocean Exploration Center.

Remainder of the day free to explore Belfast City. Later you will be privately transferred to Dublin for overnight.

Day 7: September 7th 2016 – Farewell

After a final Irish breakfast in Dublin, you will privately transfer to the Dublin Airport for your departure flight home to the US.

Dublin + Game + Clare (7 Days)

Make a week of your Ireland experience by adding on a tour of Co. Clare starting on Day 4 of your Dublin + Game itinerary

Day 4: September 4th 2016 – Dublin & Departure for Clare

Today you depart from Dublin to continue your trip to the west to County Clare.

First, visit The Japanese Gardens of Tully. The gardens were laid out to symbolize the life of Man. The path through them leads one on a symbolic journey from birth to death. The landscapes are international renown and are acclaimed as one of the finest gardens in Europe.

Next, proceed to the Irish National Stud which is great source of national pride. The lands around Kildare have been associated with the breeding of horses since 1300, when it is likely that horses used for battle were bred for the Knights of Malta. Around 1900, the land turned into one of the best studs in Europe and succeeded in building up a collection of foundation mares.

Finally, visit the Bunratty Castle & Folk Park.

The majestic Castle was restored in 1954 to its former medieval splendor, containing mainly 15 & 16 century furnishings, tapestries and works of art. Bunratty Folk Park is where 19th century Irish life is vividly recreated among over 30 buildings in a 'living village' setting including: agricultural machinery, farmhouses, watermills, blacksmiths forge, church and a restored village street complete with pub, post office, school and doctor's house.

Continue to your hotel in County Clare for overnight.

Day 5: September 5th 2016 – The Cliffs of Moher

This morning after breakfast depart to enjoy the coastal wonder along the Atlantic Ocean, the Cliffs of Moher!

Travel via the unique Burren Region, part of the Burren National Park. It is composed of limestone pavements, which have been eroded to a distinctive pattern. This pavement is crisscrossed by cracks known as grykes in which grow a myriad of wild flora and under which are huge caves and rivers which suddenly flood when it rains. The Burren contains megalithic tombs and Celtic crosses as well as a ruined Cistercian Abbey dating to the 12th century. Discover small villages abandoned during the famine period and green roads on which you can walk for miles without ever seeing a car. The Burren is truly an exceptional part of Ireland.

Visit the Cliffs of Moher - Situated on the Atlantic Ocean and bordering the Burren, the Cliffs of Moher are one of Ireland's most spectacular sights. Standing 230 meters high at their highest point north of O'Brien's Tower, and over 8km long, the Cliffs boast one of the most

amazing views in Ireland. On a clear day, the Aran Islands are visible in Galway Bay as well as the valleys and hills of Connemara. To the south of the cliffs is Hag's Head and was once the site of a castle.

Overnight and full Irish Breakfast in County Clare.

Day 6: September 6th 2016 – Doonbeg Lodge Activities
